Inaugurates Policy of
Retrenchment**

COMMITTEE PARTIAL REPORT

**AT SAME TIME MAKING REQUEST THAT
IS SIGNIFICANT**

**Ex-Governor Odell Calls Hyde's State-
ments Before Insurance Com-
mittee "Base Calumny."**

New York, Nov. 17.—Members of the insurance investigating committee commenting today on the sweeping change in the Mutual Life are of the opinion that it is a complete confession of the officers of the state of affairs existing in the company. The reduction of salaries at this time caused great surprise.

F. B. Jordan, son of the former comptroller of the Equitable testified today that he had not heard from his father and does not know where he is. Samuel S. McCurdy, assistant registrar of the Equitable, testified today that he had charge of the vouchers given out for legal expense, which were produced. He said he also kept a record of the law suits and all legal proceedings against the company. His testimony showed in 1895 the Equitable Mutual and New York Life united in paying \$15,000 salary and expense of General Bachelier as plenary representative in Europe.

A letter from David B. Hill to President Alexander replying to receipt of retainer provoked amusement. The postscript to the letter dated March 20 1895, read: "I feel pretty good now as congress has adjourned and the country is safe. When the legislature adjourns the state will be safe." The testimony today showed payments to Chas. R. Brayton for services. Brayton is Republican leader in Rhode Island.

Jos. F. Pierce, former New York state insurance commissioner, was paid a retainer. Jas. M. Lewis, according to the testimony, got fees as counsel before the Missouri state legislature, likewise Robert Luscomb of Wisconsin. A voucher showed that \$1,000 was paid S. S. Olds of Lansing, Mich., for legal work before the Michigan legislature. Edward F. Obrien of Chicago, got \$5,000 for legal work in Illinois.

McCurdy spoke of money spent for legal service in the fight in 1897 and three years following with Andrew J. Clune, state insurance superintendent. Clune made an attack on the three big companies and prevented the Equitable from doing business in California for a short time. A voucher showed the disbursement of \$14,166.66 to Attorney Chickering, representing the Equitable in San Francisco in 1900 for legal services. At the bottom of the voucher was the statement that the money did not include personal services of Chickering. McCurdy said that Attorney Hillsbury asked \$250 per month for legal disbursement at San Francisco. He was told that the payments were made to a brother of the insurance commissioner. McCurdy said in 1899 the California insurance commissioner asked the society many questions impossible to answer because of the nature in which the books were kept. The commissioner also questioned the right of the society to do business in the state under its charter. The Mutual and New York Life were under investigation at the same time.

New York, Nov. 17.—President Richard A. McCurdy caused a stir at a meeting of the board of trustees of the Mutual Life Insurance company of New York by announcing that at his own request his salary had been cut in half, from \$150,000 to \$75,000 a year. This action was taken at a meeting of the finance committee, and Mr. McCurdy said was the first step in reducing the expenses of the company. Salaries of the other executive officers of the company also have been reduced, the saving amounting in all to between \$147,000 and \$150,000 per year. This statement to the directors preceded the submission of the investigating committee's first report. This committee, which was named to examine into the affairs of the company, made a significant request for a broadening of its powers, and recommended changes in practices by the company "which on their very face are loose, unsound and open to criticism." The committee recommended that pending further inquiry the executive officers adopt immediately a policy of retrenchment. The preliminary report was adopted, to-

gether with the resolution increasing the powers of the committee in continuing its investigations. The directors ordered that full publicity be given to the report as well as to the statement made by President McCurdy.

Former Governor B. F. Odell and United States Senator Chauncey M. Depew, as witnesses before the Armstrong legislative insurance investigation committee, denied parts of the testimony of James Hazen Hyde in which their names were used. Mr. Odell, in the course of his testimony, called Mr. Hyde's statements "base calumny," and when he was asked whether he directly or indirectly had made threats to have the charter of the Mercantile Trust company revoked, his face flushed and, striking the arm of the witness chair with his fist, he exclaimed: "There is no truth in that statement, so help me God." Mr. Odell said no political pressure was brought to bear in the settlement of his suit against the Mercantile Trust company, and that it was settled the same as suits brought by others. He said he had been advised by counsel that his claim was a just one, and that any court would have awarded him more than he received in the settlement. He knew of the introduction of the Ambler bill, which, it is said, might have affected the Mercantile Trust company's charter, and while he did not suggest its introduction, he saw no objection to it.

Senator Depew was examined with regard to his syndicate participation and his duties as counsel to the Equitable society. Regarding the ambassadorship to Paris, Senator Depew said Mr. Hyde came to him and solicited his influence to secure the appointment. Senator Depew brought the matter to the attention of the president, although he told Mr. Hyde that he was too young and the president said it was utterly impossible to make such an appointment. The senator advocated in the interests of the public the limiting of risks under insurance policies, and favored a public audit of the accounts of companies at stated periods by a chartered accountant. This he thought would obviate many suits that are now frequently brought for an accounting on the part of a policyholder.

John Gilchrist, in charge of the security department of the Equitable Life Assurance society, told of millions of dollars in loans made at the end of the year in the names of clerks of Kuhn, Loeb & Company, to comply with the law that the surplus should be invested or to keep down the cash balances. No collateral was held by the Equitable on these loans.

New York, Nov. 17.—Senator Depew's appearance on the stand yesterday in the insurance investigation caused many sympathetic comments from his friends. The once kindly, bright-faced senator, whose sunny, cheerful countenance betokened an extreme good nature, wears the troubled look of a man broken in spirit and frame. Deep, heavy lines mark the eyes which are now dull and strained. The senator had none of the complacent, benign and unctuous humor of other days; instead he was serious and almost timorous when plied with questions of the counsel for the committee. His memory failed him many times on important matters. Senator Depew will probably not be recalled.

PEASANTS NOW BURNING ESTATES

St. Petersburg, Nov. 17.—Order prevails today. The streets are constant-ly patrolled by troops and Cossacks however to prevent disturbances.

The workingmen ridicule the appeal made to them by Count Witte urging them to return to work and be patient until the government can work out the promised reforms.

The general strike movement continues to grow in an alarming manner, but no serious disorders occurred here today. The czar's manifesto granting royal domains to the peasantry is regarded as only a half-way measure. Reports say that the union of peasantry, numbering a million members, has decided to seize the property and estates and now the peasantry in some sections are attacking and burning the estates of the landlords. The rising of a false czar at Pensa is considered the forerunner of widespread anarchy.

Dispatch from Riga, Russia, today says an attempt was made to assassinate the governor of Riga while he was riding through the streets. The assassin escaped.

GOV. FOLK FAVORS PUBLIC OWNERSHIP

Kansas City, Mo., Nov. 17.—In an interview today Governor Folk came out for municipal ownership and said: "I believe it is the best thing for any municipality to own its public utilities. The sentiment is growing. This notice is surprising in view of the many and manifest wrongs of privately owned utilities towards the public."

(Bulletin.)
Washington, Nov. 17.—In a cable to the President United States Consul Hennen, at Odessa, today says that 588 Jews were killed during the outbreak and about 2,000 are in the hospitals in want and distress, Kishineff, Kieff, Kherson, Akkerman, Rostoff, Nicolatoff and other places suffered terribly.

New York, Nov. 17.—The Jewish Journal publishes today a letter from Odessa, Russia, giving the first detailed account of the massacre of Jews. The letter comes from a prominent Russian Jew. The writer, requesting his name to be suppressed, says the massacre was directed by the authorities, and it stopped as soon as orders were received from St. Petersburg. In one place the writer says: "Since the French revolution no nation has lived through what we are experiencing now. * * * Soldiers carry their rifles in one hand and packs of loot in the other. Officers escort them with joyous laughter. * * * The number of dead and injured is estimated at 10,000 on both sides. The cruelties were hundredfold more than Kishineff."

BAIL FORFEITED

**Something of a Sensation Created by
Failure of John Krup to Put in
an Appearance.**

New York, Nov. 17.—Something of a sensation was created in Justice Davy's branch of the supreme court when John Krup, indicted for illegal voting in the recent municipal election, failed to appear for pleading, and his attorneys expressed ignorance as to his whereabouts. State Attorney General Mayer, who was in court, was indignant at the turn of affairs. He said: "Every effort will be made to ascertain who put up the \$5,000 bail and who employed counsel to defend Krup." Justice Davy declared the \$5,000 bail forfeited.

Wilkesbarre, Pa., Nov. 17.—Another serious mine accident due to a hoisting engineer failing to control the engine at the proper time, occurred at the shaft of the South Wilkesbarre colliery this morning, resulting in the serious injury of five workmen. Five others escaped with minor injuries.

GERMANY'S INFLUENCE GROWS.
Berlin, Nov. 17.—The government of Chili intends to purchase seven warships to be built in German shipyards. The Chilean navy is to be reorganized according to German methods and the new vessels will be a part of Chili's reconstructed fleet. Chili will have the aid of German naval officials sent to instruct Chilean officers according to the German style. This is another proof of Germany's growing influence in South America.

BRIDGE PIANT BURNS TODAY.
Bridgeport, O., Nov. 17.—This morning fire destroyed the main building of the Riverside bridge works at Martin's Ferry. Loss \$150,000. The fire alarm keys in the vicinity of the fire are all missing, giving rise to suspicious theories regarding the fire. No insurance.

GARFIELD INQUIRY NO BAR

**Defendants Not Compelled to Attend
the Investigation and Testify or
Produce Documentary Evidence.
Answer of the Government to Be
Filed at Chicago Next Week.**

Washington, Nov. 17.—With reference to the pleas in bar filed by the indicted beef packers in the federal district court at Chicago, Attorney General Moody made the following statement:

"Ten separate pleas in bar have been filed, each one of them alleging facts which, it is claimed, ought to bar the government from proceeding further in this case. Eight of these pleas are based upon the alleged conduct of Mr. Garfield, commissioner of corporations, in making an investigation of the affairs of defendants in pursuance of the authority conferred upon him by law, and in special obedience to the resolution of the house of representatives requiring him to make such investigation. Under the federal act creating the department of commerce and labor the commissioner of corporations has the right to subpoena and compel the attendance and testimony of witnesses and the production of documentary evidence, and to administer oaths; but with regard to all persons who are subpoenaed to testify or to produce documentary evidence, it is provided that immunity from prosecution shall be given to them if they obey the commissioners' subpoena, except that they shall be liable for perjury for giving false testimony."

"It is stated by the government that Mr. Garfield did make the investigation required by the resolution of the house of representatives, and that he did receive from certain of the defendants oral information and access to the books of the defendant corporations. It is, however, contended by the government that the information and access to the books were given voluntarily by defendants. The government denies in point of fact that Commissioner Garfield did compel the several defendants to attend and testify and produce documents before him, or that he did subpoena any of the defendants to appear before him and testify or produce documentary evidence; or that he waived the oath which he was authorized to require of them; or that he promised them any immunity whatever in the premises; or that any evidence obtained from the defendants was delivered to or used by the department of justice or the district attorney before the grand jury which found the indictment. The attorney general asserts in the most positive terms that none of the information obtained by Mr. Garfield was used before the grand jury."

"After full conference with Mr. Garfield, the answer of the government has been prepared by Mr. Pugin, under the supervision of the attorney general and with the assistance of the district attorney, and will be taken to Chicago and filed in the court there early next week."

CONCESSIONS

**To Russian Peasants Made
in Manifesto Issued
This Morning**

LIFTS \$40,000,000 TAXATION

**EXTENDS FIELD OPERATIONS OF
PEASANTS' BANK**

**Though Strike in St. Petersburg Is
Complete No Break Has Been
Manifested in the Ranks.**

St. Petersburg, Nov. 17.—An imperial manifesto granting land concessions to the Russian peasants was issued Friday morning. By its terms the land redemption tax payments from Jan. 14, 1906, will be reduced by one-half, and from Jan. 14, 1907, the payments will be totally abolished. At the same time the capital of the peasants' bank is increased and the bank is granted additional loan privileges with the object of facilitating to the utmost the purchase of lands by peasants. It is estimated that the amount of taxation thus lifted from the peasants by the manifesto will aggregate \$40,000,000, while the extension of the field of operations of the peasants' bank will enable vast tracts of crown and private lands gradually to become the property of the peasants.

Though the strike in St. Petersburg is complete, and no break has been manifested in the ranks of the workmen, and strikes have broken out at Moscow and Reval, the most important feature of the developments was the failure of the walkout to spread generally outside the capital. The movement apparently lacks the spontaneity and contagiousness of the last great strike, which broke out at Moscow, and dispatches received from the industrial centers of Russia up to this hour show little inclination on the part of the workmen to take up the cudgels in behalf of the Poles. In Moscow city the factory strike, which has assumed considerable proportions, probably 45,000 men being out, has no direct connection with the St. Petersburg walkout, and dispatches from the old capital say that the railroad men received the request of the St. Petersburg strike committee. The whole great network of railroads centering at Moscow, except the St. Petersburg line, is still in operation. At Reval the employees of the shops struck, but the reason for the strike is not stated. The St. Petersburg workmen, in obedience to the orders of the strike committee, kept generally in doors and did not attempt demonstrations, so that there was no occasion for resort to force to avert trouble.

The strikers forced the closing of the Moscow railroad station, stopping outgoing traffic for Moscow, and later they succeeded in closing the electric stations and in cutting off light from the city. Committees were sent to all the theaters and succeeded in stopping the performances in several of them, and in the outlying districts they went from drug store to drug store ordering the pharmacists to close, and threatening them with the destruction of their stocks if they refused. Other stores were not interfered with. The action of the strikers with regard to the druggists is condemned by the public.

ALL TIES BROKEN

**Says Mrs. Taggart Who States Hus-
band Doesn't Want the Boys,
Lt. Fortesque Resigned.**

Wooler, O., Nov. 17.—Mrs. Grace Taggart, the divorced wife of Captain E. F. Taggart, yesterday afternoon submitted to a brief interview in which she was informed that number of papers had published stories to the effect that a reconciliation was about to take place between herself and Captain Taggart. Mrs. Taggart declared that so far as she was concerned all ties had been broken, but intimated that she believed Captain Taggart would be willing for a reconciliation if she would consent to take her back. She said also that Captain Taggart did not want the two boys, that he had always been willing to let her pay the expense of their care and education.

"If air reached that he shall never take them from me," were her closing words.

Washington, Nov. 17.—An echo of the Taggart divorce trial which took place at Wooler, Ohio, recently, was heard at the War Department when the announcement was made that

Lieutenant Granville R. Fortesque, of the Tenth Cavalry, had tendered his resignation. It was stated also that the resignation would be accepted, which means that the lieutenant will be out of the army within a few days. The further statement was made that he intended to go into business.

Lieutenant Fortesque is a relative of President Roosevelt and his name was mentioned conspicuously during the Taggart trial. The prospective acceptance of his resignation from the army virtually forestalls any action which the department might take against him on account of the Taggart case. The department anyway seemed indisposed to take official cognizance of the matter and will not do so unless representations are made which will compel it to act. In reply to an inquiry this afternoon it was stated at the department that there was no information on file which would indicate that Fortesque was given a hint by the president to retire from the service.

Columbus, Nov. 17.—"That is just talk," said Captain Taggart this morning, when asked regarding the statement by his divorced wife, that she would never permit him to take his children from her. "Her statement that I care nothing for the two boys, and am perfectly willing for her to pay the expense of their care and education, is too ridiculous to require denial."

"When told I would have to surrender the children to her, when we were endeavoring to settle our difficulties outside of court, I determined to fight for their custody, by going into court."

"Now regarding the stories of reconciliation, I can only say that they too are utterly absurd. I was awarded the custody of the children, and if she declines to surrender the children when I get ready to bring them to Columbus, she will have to fight it out with the judge who presided in the case."

Captain Taggart declined to make any comment on the news from Washington, that Lieut. Fortesque, of the Tenth cavalry had resigned.

FIFTEEN MONTHS

**Handforth Lived With a Broken Neck
—Weighed 34 Pounds at Time
of His Death.**

Philadelphia, Nov. 17.—With the death of George Handforth, 28 years old, has ended what is said to be the most remarkable case of survival of a broken neck known in the annals of medicine and surgery.

For 15 months the injured man lay on air and water mattresses, suffering no pain, unable to move any muscle excepting those in his forearms, always conscious, but gradually wasting away.

From a strong, stalwart man, weighing 160 pounds, Handforth weighed at the time of his death 34 pounds.

Handforth was employed at the Atlantic Refining company's plant. On August 1, 1904, he fell from the top of a tank and struck the round on his back, fracturing the fifth and sixth vertebrae.

CONVENTION

**Of Agricultural Chemists Begins In
Washington With 150 Present.
Adulterated Whisky.**

Washington, Nov. 17.—The twenty-second annual convention of the association of agricultural chemists began here with 150 members in attendance. W. D. Bigelow of the bureau of chemistry of the department of agriculture discussed food adulterations, and referred to the use of coloring matter to impart to whiskies the appearance of age. The custom of coloring whisky by means of charred barks did not, Dr. Wiley said, prevail in England, Scotland and Ireland, where all spirits were much lighter colored than in this country. There was added, a great demand among British distillers for casks and barrels that had once held cherry and port wines, the distillers having found that whisky stored in such barrels gained something of the cherry flavor and color.

**Seems to Have a Mania for
Stealing Sets of
Harness**

WILL BE BROUGHT TO NEWARK

**AFTER FINISHING SENTENCE JUST
IMPOSED AT ZANESVILLE**

**Man Was Recently Released After
Serving Five Year Sentence
in Ohio Pen.**

George Berkshire, it seems, has a mania for stealing harness. For the robbery of Harry C. Warner's harness store in Zanesville several years ago Berkshire has just finished a five year sentence. On Thursday he got a dose of \$35 and costs for stealing a set of harness from Dr. D. J. Evans in Zanesville and when the Clay City authorities got through with Berkshire he will be brought to Newark to stand trial on the charge of stealing a set of harness from Dr. I. N. Palmer, later, it is alleged, selling the harness at a second hand store.

Zanesville, O., Nov. 17.—After being caught in the act of breaking into John W. Keller's second hand store, on Main street, between Sixth and Seventh streets, early yesterday morning, George Berkshire, an ex-convict, was arraigned in police court on another charge that of stealing a set of harness from Dr. D. J. Evans. Berkshire pleaded guilty and was fined \$35 and costs, the whole amounting to \$38.90. He was committed to the workhouse.

The arrest of Berkshire Thursday was made by Patrolmen Zeimer and Spring. He was caught in the alley alongside the Keller store, just as he was about to break the window pane to gain entrance. This is directly across the street from the Harry C. Warner harness store, for the robbery of which some years ago Berkshire had just finished serving five years in the penitentiary.

When Berkshire is released from the work house he will be taken to Newark, where he will be prosecuted.

Insurance Proxies to Thos. W.
Lawson of Boston.**

Columbus, O., Nov. 17.—Thomas W. Lawson will be well supplied with proxies of Ohio people holding policies in the New York Mutual and Equitable Life insurance companies when he makes his attempt to oust the alleged grafters in the big insurance corporations.

Frank S. Monnett is now actively engaged in securing proxies for Mr. Lawson and has also prepared petitions in suits to recover premiums and money paid in by policy holders.

A dispatch from Maryland states that several Union county policyholders have sent their policies direct to Mr. Lawson, and have instructed him to do everything possible to reorganize the insurance companies.

Chicago, Nov. 17.—When released from the penitentiary over a year ago Henry Racke, a well known counterfeit, went to a cabin in a wild spot in the woods of northern Indiana, where he lived alone, and manufactured spurious half-dollars. He came to South Chicago to make the first attempt to dispose of some of the counterfeit coins and was captured and given over to the federal authorities by one of his victims.

NATURAL GAS NOTES

(Utica Herald).

Everett's regular drilling operations, which have this season all been within easy piping distance of his main lines, will be finished up within the next few weeks. After that time, it is intimated that he is considering having a few wildcat wells sunk. He has under lease several thousand acres southeast of Utica, and it is probable that the value of the holdings will be ascertained this winter. If territory in that direction from town is good, as is generally believed, it will be a good thing for Utica and the vicinity to have it proved up.

Monday night two gas companies applied for franchises in Cincinnati—the Ohio Fuel Supply of this field, and the Cheshire Oil and Gas Co. of Middleport composed of New York capitalists. The Cheshire has wells in Jackson and Lawrence counties.

As soon as the result of the election became known, and that Boss Cox was deposed, the Ohio Fuel Supply company had representatives in Cincinnati investigating the chances of getting a franchise from the new administration.

SCROFULA AN AWFUL INHERITANCE

While it is true that Scrofula may be acquired under certain conditions, it is usually inherited. Parents who are related by the ties of blood, or who have a consumptive tendency, or family blood taint of any character, are sure to transmit it to their children in the form of Scrofula. Swollen glands, brittle bones, poor digestion, weak eyes, Catarrh, emaciated bodies and general weak constitutions are the principal ways in which the disease is manifested. The blood has been diseased from birth, and being in this condition cannot properly nourish the body and Scrofula is the result. A hereditary disease like this can only be reached, by a constitutional remedy and nothing equals S. S. S. as a cure for it. It cleanses and strengthens the deteriorated blood, drives out all scrofulous and tubercular deposits, and there is a gradual but sure return to health. S. S. S. supplies to the anemic, lifeless blood the properties necessary to build back to strong, robust health, and does this gently and so thoroughly that no signs of the disease are ever seen in after life. Being purely vegetable S. S. S. is the best remedy for Scrofula; its harmless but healing ingredients enter into the circulation and replace wax-like, bloodless faces with vigorous strength glowing with health. Book with information about Scrofula and medical advice free.

Inherited Scrofula, and about seven years ago suffered intensely from it. Tried every doctor available at great expense, but grew rapidly worse; in fact, had given up all hope of being cured, and was a dying man when I was cured. I was persuaded by my brother, much against my will, to try S. S. S. After taking six bottles, I felt a wonderful change for the better. I continued to take it for about six months, taking in all about fifteen bottles, which entirely cured me.

TELEPHONE DEAL

Dwight Sapp, Frank Beam and Others Buy Gallipolis Plant and Will Enlarge the Exchange.

Columbus, Nov. 17.—By the purchase of \$30,000 of the stock of the Gallipolis Telephone company, a syndicate, composed of Toledo and Columbus men have come into control of that property, and steps will be taken at once to greatly improve, and extend the exchange.

At present the Gallipolis exchange has about 500 subscribers and is modern and up-to-date being one of the best of the independent plants in Southern Ohio. The men who have purchased the controlling interest are Cyrus Huling, of Columbus; Dwight Sapp and Frank Beam of Mt. Vernon; W. W. Morrison and J. E. Garner, of Toledo, and E. N. Ccen of Vermillion.

The new owners will build exchanges in Pomeroy and Middleport and a long distance line will be constructed to Athens, which will give the company good service to Columbus. The men interested in this deal also control the telephone company at Charleston and several other West Virginia towns and the Gallipolis company will be one of those to go into the merger, which will include Charleston, Point Pleasant, Guyandotte, Parkersburg, Huntington and perhaps other towns in West Virginia and Ohio.

Several other telephone deals are on and it is said they are a part of the general plan to bring the independent companies into closer relationship.

PENSION

For Every Wage-Worker at Sixty. Delegate's Resolution.

Pittsburg, Pa., Nov. 17.—Victor L. Berger, delegate of the International Typographical union to the American Federation of Labor in speaking of the resolutions he has placed before the committee said: "I did not introduce any resolution to endorse the Socialist party, and no resolution of that kind will be introduced. All the resolutions which I have introduced are purely trades-union resolutions." Among the 11 resolutions introduced by Mr. Berger are these: "That the congress of the United States pass a bill which will secure to every wage-worker in the United States who has earned no more than \$1,000 average wages per year a pension of not less than \$12 per month at the age of 60. That we point with sorrow to the close intimacy established between Samuel Compers and other labor leaders with the great capitalists and plutocratic politicians."

AFTER TWENTY YEARS

Burlington Railroad Recognizes the Brotherhood of Engineers. Chicago, Nov. 17.—The management of the Burlington railroad after 20 years of opposition has recognized the Brotherhood of Locomotive Engineers and has signed the first wage schedule with that organization since the great strike of the engineers in 1887. The hostility of the Burlington road to the Brotherhood was the result of the engineers' strike of 1887-88, when 1,400 men deserted their engines. Paul Morton then in the Burlington's service, had charge of the strike for the railroad, and won the most stubborn battle in the history of the brotherhood.

KIDNEY TROUBLES

Increasing Among Women, But Sufferers Need Not Despair

THE BEST ADVICE IS FREE

Of all the diseases known, with which the female organism is afflicted, kidney disease is the most fatal, and statistics show that this disease is on the increase among women.

Unless early and correct treatment is applied the patient seldom survives when once the disease is fastened upon her. Lydia E. Pinkham's Vegetable Compound is the most efficient treatment for kidney troubles of women, and is the only medicine especially prepared for this purpose.

When a woman is troubled with pain or weight in loins, backache, frequent, painful or scalding urination, swelling of limbs or feet, swelling under the thighs, an uneasy, tired feeling in the region of the kidneys or notices a brick-dust sediment in the urine, she should lose no time in commencing treatment with Lydia E. Pinkham's Vegetable Compound, as it may be the means of saving her life.

For proof, read what Lydia E. Pinkham's Vegetable Compound did for Mrs. Sawyer.

"I cannot express the terrible suffering I had to endure. A doctor told me the female organs developed from prostration and a serious kidney trouble. The doctor attended me for a year, but I got no better, until I was unable to do a thing, and I made up my mind I could not live. Finally I decided to try Lydia E. Pinkham's Vegetable Compound as a last resort, and I am today a well woman. I cannot say too highly, and I tell every suffering woman about my case."

The mayor of Parkersburg, W. Va., has served notice on the members of the city council that he will impose a fine on the next councilman who calls another a liar when the body is in session. It must be judged from this threat of the mayor that the sessions of the Parkersburg council have been unusually lively of late.

Governor Cummins of Iowa spoke in Boston last week in favor of tariff revision. In his speech he said: "High protection without home competition among sellers will make a market in which the sellers are the masters and buyers the slaves." That is one view by an Iowa Republican. Secretary of the Treasury Leslie M. Shaw, another Iowa Republican, spoke a few times in Ohio and in his speech illustrated the workings of the tariff by telling how the purchasers of diamonds pay a big tariff, omitting to say anything like what the governor of his state said in Massachusetts, a fact that is apparent to a great body of Republicans.

STARS WHIPPED THE O'FALLONS

HOMER JONES ROLLED HIGH SCORE OF GAME AND HAD HIGHEST AVERAGE.

Captain Armstrong Went Hunting on Wednesday and Was Unable to Bowl in Game.

Another scalp was added to the long string of bloody trophies in the lodge of the Hayes All Star Bowling team last night when they trailed the colors of The O'Fallons in the dust, defeating them by 281 pins. The game was rolled on the Hayes alleys and there was but little excitement over the game. The O'Fallons were considered a worthy foe for the Stars, but the game was hardly close enough to be interesting.

Homer Jones was the star of the evening, getting the high individual and the highest average of the evening, and the highest average of the evening. Captain Armstrong of All Stars was unable to bowl on account of physical inability resulting from a hunting expedition Wednesday. He sent a substitute to roll the game.

Representative McFadden May Introduce Bill Against Sale in Ohio. Like Indiana Law.

Washington C. H., Nov. 17.—Dr. L. M. McFadden, the recently elected Republican Representative from Fayette county, is strongly opposed to the use of cigarettes, and it is understood that he will introduce a bill in the House the object of which will be to completely prohibit the sale of cigarettes in Ohio. He says "I believe that the cigarette is a menace to the health and morals of society, and think that their sale should be prohibited by law."

The Indiana law against the sale of cigarettes and which makes it an offense for one to smoke a cigarette or to have the "makings" of one in his possession will probably serve as the model for the bill which Dr. McFadden proposes to introduce.

BRONZE TABLET IS UNVEILED

MONUMENT TO MEMORY OF THE FOUNDERS OF GRANVILLE ON SUGAR LOAF.

Ceremony of Friday Afternoon in Charge of Granville Historical Society.

Granville, O., Nov. 17.—The active work of the Granville Centennial came to a close this afternoon with the unveiling and dedication of the bronze tablet on the memorial monument to the "Founders" of the town upon Sugar Loaf. The services were under the auspices of the Granville Historical Society. Mrs. Helen A. Rose, president, and were as follows: Hymn, "O God, Our Telp in Ages past."

Invocation—Rev. Dr. C. J. Baldwin. Address—Rev. Dr. C. L. Work. Granville Centennial Hymn. Unveiling of the Tablet by Miss Stella Case.

Benediction—Rev. James Eason. The base of the stately monument, consists of a granite block six by four feet and eighteen inches thick, brought from Quincy, Mass., and upon it rests a huge native boulder weighing seven tons. The monument is erected on the summit of "Sugar Loaf," the pretty little hill that stands at the west of the classic old college town which was established 100 years ago by pioneers from Massachusetts.

One face of the monument's base is inscribed as follows: "A Tribute to the Builders," and the reverse side bears these words: "Erected by Mary Case Minton in memory of Mary Case Williams, Daughter of Captain Levi Rose and Polly Stowe."

Attached to the monument is a bronze tablet bearing this inscription: "In grateful remembrance of the members of the Licking Land Company, who came from Granville, Mass., and founded this town in the wilderness November 17, 1805. They builded better than they knew God be the glory, for ever and ever. Amen."

There were 234 Granville, Mass., and Cranby, Conn., people in the colony that came to this section 100 years ago and established what has since become famous as an educational center, Granville being the home of Denison University, the only Baptist College in Ohio, Shepardson College for Women, and the old Granville Female College, which was the first girls' school founded west of the Alleghenies.

The unveiling of the bronze tablet on Friday was a marked success, and it was eminently fitting, that the exercises were in charge of the Granville Historical Society, as the society has taken upon itself the duty of establishing a fitting annual commemoration for this day, and to make the first for unveiling the tablet of the monument, the gift of Mrs. Mary Chase Minton. Granville may well congratulate herself upon the possession of a monument to her pioneers, beautiful in location and symbolism, simple in design and perfect in execution.

NED SHERBURNE

Receives Congratulations on Discovery of Hair Growing "Remedy." He'll Give Particulars.

Ned C. Sherburne, the popular insurance man of this city, is receiving congratulations from his friends, on a remedy for hair growing, which he recently discovered. Mr. Sherburne has been working on this line for some time past but only recently has been successful in his experiments with the "remedy." The merits of the discovery have been proved to the entire satisfaction of Mr. Sherburne, by a friend whom he met in Columbus a short time ago. The man, whose name is withheld for numerous reasons, was very bald. He volunteered to try Mr. Sherburne's discovery, and proved it successful. He was seen in Mr. Sherburne's office on Thursday, and a healthy head of hair is beginning to appear.

It is probable that a company will be formed in the near future for the purpose of introducing the hair grower, although at present Mr. Sherburne declines to state his exact intentions on the matter. Further details will be given by Mr. Sherburne himself.

Facing Starvation

Perhaps you find yourself in a position where you have given up all hope of ever enjoying a hearty meal without having to pay a penalty.

But don't give up hope. Read what one of many thousands of sufferers has given testimony to:

"I want everyone to know how Rexall Dyspepsia Tablets helped me. I suffered with stomach trouble for two years, and was in a terrible condition. I had lost thirty pounds in weight and looked twenty years older than I am. I was half starved, for nothing I ate seemed to give me strength. A friend told me of Rexall Dyspepsia Tablets, and after taking three boxes, I believe I am cured. I can eat anything without the least discomfort; my complexion has become clear and I am rapidly gaining flesh.—Mrs. M. J. SEVANSOON, Minneapolis, Minn."

If you are loosing flesh and becoming weak and irritable, if your food distresses you, or if you are unable to sleep, get a box of Rexall Dyspepsia Tablets. The cost is trifling, twenty-five cents a box, and even that amount we will refund if you are not satisfied.

HALL'S DRUG STORE

THE **Rexall** STORE

A REASON

Dyspepsia is due to a disordered state of the stomach. "Bile" collects in large quantities and the stomach cannot perform its natural function. The body cannot extract nutriment from the undigested food and consequently no new blood is formed. Extreme weakness, emaciation and chronic suffering is the inevitable result.

Rexall Dyspepsia Tablets disperse the surplus "bile," soothe the disordered nerves and gradually restore the stomach to its normal health and strength.

Our name and reputation in this community is back of the statements made in this advertisement. We could not risk putting it here did we not know the formula of Rexall Dyspepsia Cure and the other 199 Rexall Remedies.

Chapman Divorce Suit.

After a quarter of a century, Mrs. Emma Chapman has concluded that life with her husband, Frank Chapman, is altogether too strenuous, and has commenced proceedings in the Probate court for divorce. She says she married the defendant on August 21, 1879, and that four children were born of the marriage. Habitual drunkenness, extreme cruelty and failure to provide comprise the charges upon which the decree is asked. J. W. Horner is the attorney for the plaintiff.

First Divorce is Granted.

In the Probate court on Thursday Charles Frost was granted a divorce from Carrie Frost, on the ground of wilful absence. J. H. Jones, attorney for the plaintiff.

Suit for Divorce.

Irvin Peters has commenced suit in Probate court for divorce from Jennie Peters. Irvin says that for two years his wife has refused to prepare his meals or make his bed. He says that for some time they lived in Columbus, and that during their residence there his wife received attentions of one Fred Lewis. He says that after they moved to Johnstown, Lewis visited his wife about once a month and that on these occasions they indulged in drinking to excess and that his wife received visits from men other than Lewis. Plaintiff also charges his wife with abandonment. Smythe & Smythe, attorneys.

Sealed Verdict Returned.

In the case of John M. Johnson, tried in the Common Pleas court on Thursday on an indictment charging him with assaulting his 12 year old grand-daughter, Leona Johnson, last May, the jury returned a sealed verdict Friday, which will be opened at the convening of court Monday.

Asks for New Trial.

In the case of the State of Ohio vs. Samuel Kerr, the defendant, by his attorneys Hunter & Hunter, has filed a motion in Common Pleas court, wherein he asks the court to set aside the verdict rendered, and for an arrest of judgment, and for a new trial for the following reasons:

First. That the court, in the trial, erred in rejecting certain evidence offered by the defendant.

Second. That the court, in the trial of the case, erred in admitting certain evidence offered by the State, over and against the objection of the defendant.

Third. That the court erred in its charge, in directing the jury to return a verdict of guilty.

Fourth. That the court erred in not permitting defendant's counsel to argue the case to the jury.

Fifth. That the court erred in accepting the verdict of guilty as rendered.

Sixth. That the court erred in depriving the defendant of his right to trial by jury.

Seventh. That the verdict is not sustained by sufficient evidence.

Court Notes.

In the case of Ross Wilson against Abel J. Wilson, suit to enjoin the defendant from cutting timber on her land, the plaintiff, by her attorney, J. B. Jones has filed her reply to the answer of the defendant. She denies all the allegations made and asks for the same relief as in her petition.

A NEW BUILDING FOR NEW BANK

COMPANY HAS OPTION ON LOTS OWNED BY E. T. RUGG OF NEWARK.

Revival Meetings at Alexandria—Harry Roffey Moves to Newark. Mr. Gurney Home.

Alexandria, O., Nov. 17.—A dispatch to the Advocate from Columbus yesterday told of the incorporation of the Alexandria banking company by E. T. Rugg of Newark and a large number of residents of this section of Licking county. The whole capital stock, \$25,000, has been subscribed. The company has an option on the Rugg lots where the big fire recently swept the buildings away, and will commence the erection of a bank building as soon as possible.

A series of interesting revival meetings have been held at the Congregational church during the past two weeks, which have been largely attended and very profitable to all. Rev. Mr. Warner of Newark was present the latter part of last week and did much good. Rev. Mr. Howard has been present a part of this week.

Harry Roffey and family have removed to Newark where they will make their future home. Mr. Smoke and family of Hebron, have moved into his house. Mr. Smoke succeeds Mr. Kimpton as foreman of this section of the T. & O. C. R. R.

Grandma Cubbage, who has been making her home with her son, T. Cubbage, for the past seven or eight months, has gone to Columbus, where she will spend the winter with her daughter.

P. P. Gurney arrived home on Thursday from New Mexico, where he went nearly three months ago with sheep. Mr. Gurney returns much improved in health, having had a fine trip, and much pleased with the financial outcome of his sheep sales.

BEST GAME SEEN ON BEAVER FIELD

WESTERN RESERVE WILL PLAY DENISON AT GRANVILLE TOMORROW.

Hard Luck Stories Sent Out Are Practically Without Foundation. Fine May Play.

Granville and Newark people will see the best game of football Saturday afternoon on Beaver Field ever witnessed in the county. This is the occasion of the annual clash between Western Reserve of Cleveland and the Baptists. There are several reasons why this game will be good. One is that both teams are better this year than for years past. Both teams fear the strength of the other and will make every effort to thwart the workings of the big scoring machines.

When the two teams are weighed in the balance, the Cleveland team would probably have the advantage. Denison is still suffering from the Case and Wittenburg games. Captain Roubush is out for good. Quarterback Webber will hardly be able to play Saturday's game out on account of an injured shoulder which resulted from his fierce tackles in the Case game two weeks ago.

Harry Pine, a freshman, who is a recruit from the Newark High school, has been working at quarter during practice this week and in case Webber is unable to play with the game until the finish, he will probably take the team through the game.

Stories have been sent out from Granville which, if true, would make Denison's chances for victory tremble from quite slim. Either the two Allens, Webber and others have been on crutches according to the reports and Shoop's printing is talked of as being

very poor. It is known that these reports are splendid examples of correspondents' pipe dreams and while they might be approved by Coach Stanton, it is doubtful if they have much weight.

Coach Stanton was displeased with the lurid reports sent to Cleveland previous to the Case game because they were really flattering to his men and thinks that it accomplished very little good. The new plan was therefore adopted.

Saturday's game will be called at 2:30 o'clock. This arrangement was adopted by Manager Beck especially for the accommodation of the Newark people, so they would not have to go to Granville at 1 o'clock. If the game is a long drawn out affair, with much "time out" it will be nearly dark be

fore it is finished but the Granville bunch is expecting a good crowd from Newark and extended this courtesy to them. The game will be the best seen here for years and should be largely attended.

Among the attractions that may well expect to receive a warm and hearty welcome from patrons of theatrical amusements in this city is Jules Murray's Own Company, including William A. Whitecar in the favorite comedy, "The Mummy and the Humming Bird." Saturday matinee and night. Seats now on sale.

RACHEL GOLDSTEIN.

"Rachel Goldstein," or "The Struggles of a Poor Girl in New York," is the title of Theodore Kremer's latest play, which the "Emma Bunting Co." will present at the Auditorium on Monday evening, under the management of Earl Burgess. It was certainly a happy thought which first associated Miss Emma Bunting with the part of Rachel, and this clever artist's previous work fortells a big success in the leading role. Miss Bunting is supported by a first-class company of Metropolitan favorites.

NOTHING NEW IN STRIKE SITUATION

SETTLEMENT HONORABLE TO BOTH SIDES, IT IS HOPED, WILL BE MADE.

Father O'Boylan is Being Praised for His Laudable Effort to End the Controversy.

Nothing new has taken place since Thursday in the Wehrle strike situation. It is brought to the point where it is hoped that a settlement honorable and agreeable to both sides can be reached without either side claiming any advantage, and it is hoped that this will be accomplished.

Several matters are to be considered, and kept in view: First, the interests of the company which has built up this great industry; Second, the welfare of Newark people who have risked so much on the hopes founded on the future prosperity of the company; Third, the welfare of the employees, so that it is not a matter for personal or mere local consideration but affects the whole community and is of very great importance. The Advocate sincerely hopes that nothing will stand in the way of an amicable settlement and that good counsel and generous feelings will control the minds and hearts of all immediately concerned.

Many favorable comments are heard about town over Father O'Boylan's efforts to end the strike and all unite in the hope that he will succeed in his laudable undertaking.

The Advocate's statement of the situation on Thursday is approved by the parties interested as it presented the facts just as they are.

CASTRO'S LATEST

Considered by the French to Be a Further Provocation.

Paris, Nov. 17.—The foreign office is advised that President Castro refused to pay the second installment of the Plumley arbitration award. The arbitration covered damages sustained by French citizens in Venezuela during revolutionary periods prior to 1903. The judgment in favor of France awarded about \$650,000, and President Castro paid the first installment about three months ago. Apparently his failure to pay the second installment was on the ground that diplomatic relations between France and Venezuela are interrupted. Officials here decline to admit this justifies President Castro in not paying the installment. The incident is considered to be a further provocation.

PAUL JONES.

Rosa Cecilia Shay, starring in Paul Jones, was born and raised in Somerset and the performance here on Tuesday.

day evening will be attended by a large number of her old friends, as a special train is being arranged by the Auditorium management.

THE MAYOR OF TOKIO.

Richard Carle, the player-playwright, preliminary to the opening of his New York run, will be seen here in his most recent success, "The Mayor of Tokio," at the Auditorium on Tuesday evening. In describing "The Mayor of Tokio," Mr. Carle calls it a farcical opera, because he has attempted to write a libretto that escaped the meaningless of the stuffed club-type of musical comedy, without seeking to enter the serious realm of straight opera.

In his present piece the clever young star has gathered in his support the most talented company of players who have appeared in his support. The piece is full of tuneful music, clean laughter and pretty girls. Seats now on sale.

There are five Thursdays in this month, and a dispute has arisen as to which one should be Thanksgiving day—the 23rd or the 26th.
